

# Marked ski routes 2012

The map shows the situation for the principal skiing season at Easter (Palm Saturday until Easter Monday). Before and after Easter fewer routes are marked, more cabins are closed and some may be unstaffed or have a self service quarter instead of being staffed. Check the dates for each cabin at [www.turistforeningen.no/English](http://www.turistforeningen.no/English) for latest updating. Be aware of possible changes and delays in marking due to weather conditions. Marking are done in different ways but you may find routes marked with bamboo or plastic sticks or permanent sticks. In the woods most routes are marked with stripes of paint on trees but you might also find plastic bands tied to branches or sticks. The routes are meant for skiing but could also be used for snow shoeing. The map was updated 20<sup>th</sup> of Dec. 2011. DNT will take no responsibility for misprints or changes that occur after this date.

- Winter routes marked by DNT or others (app. length in km)
- - - - Snowmobile route
- Road
- Railway
- Town, village/farm etc.
